

# FOURTH INTERNATIONAL CONFERENCE ON HYDROPEDOLOGY

Date: 23–26 August 2022  
Place: Skukuza, South Africa  
Contact: Johan van Tol [vantoljj@ufs.ac.za](mailto:vantoljj@ufs.ac.za)

## Conference themes:

- Soil water as a key to soil functions and soil health
- Catchment structures, soilscapes, and quantitative pedogenesis
- Structure–function relations at the pedon scale and beyond
- Soil water, matter and energy fluxes – including hydrological extremes
- Multiscale modelling of hydrologic systems
- Hydropedology in environmental policy
- Digital soil mapping and hydropedology

**Keynote speakers:** Johan Bouma | Jeffrey McDonnell
