

**INTERNATIONAL CONFERENCE  
CONTAMINATED SITES 2016  
BRATISLAVA 12 – 13 september**

The Ministry of Environment of the Slovak Republic and the Slovak Environment Agency would like to invite contaminated sites specialists and other experts to attend the

# International Conference **CONTAMINATED SITES 2016** 12–13 September 2016 Hotel Bôrik in Bratislava, Slovak Republic

## INVITATION

Following the successful Conference Contaminated Sites 2013 and Conference Contaminated Sites 2015, there is a great pleasure for us to welcome participants from all over the world in Bratislava again.

The International Conference CONTAMINATED SITES 2016 is organized during Slovakia's Presidency of the Council of the European Union 2016 and will be a unique opportunity to provide an outstanding setting for all participants including scientists, researchers, company representatives and policy makers to share their projects, scientific experience, innovations and ideas about contaminated sites.

We are looking forward to making the conference an unforgettable scientific and social event together.

See you in Bratislava in September 2016!

## KEY TOPICS OF THE CONFERENCE

- EU and member states legislation, policies and strategies for contaminated sites
- Methodologies of inventory and identification of contaminated sites
- Geological survey of contaminated sites
- Risk assessment – risk analysis, limit values, human health and environmental risk assessment
- Remediation methods and technologies for contaminated sites
- Sustainable remediation of contaminated sites
- Brownfields – contamination clean-up and redevelopment
- Involvement of the general public into contaminated sites management
