

Ethiopian Society of Soil Science

17th Annual Conference Call for Abstracts

INTRODUCTION

The Ethiopian Society of Soil Science (ESSS) is pleased to announce that the 17th Annual Conference of the Society will take place on 30 - 31st March, 2017 in Addis Ababa. ESSS was founded in 1990 as a registered non-profit organization and a member of both the African Soil Science Society (ASSS) and the International Union of Soil Science Societies (IUSS). The Society strives to enhance the dissemination of knowledge in all aspect of soil science and shares idea with national and international societies through conferences, symposia, lectures, seminars and journal publications. In this conference ESSS will provide a forum for presentations and discussions of the many recent advances in soil science research in Ethiopia. We are expecting 250 delegates to attend this conference including presidents of IUSS and ASSS.

CONFERENCE THEME

Unlocking the potential of Ethiopian soils for achieving Sustainable Development Goals

CONFERENCE SUB-THEME

- Soil degradation
- Soil and Water Conservation
- Soil Science and Climate-Smart Agriculture
- Soil Fertility Management and Fertilizers
- Economics, Policies, Governance and Institutional aspects of Soil Resource Uses and
- Geostatistics, Pedometrics and Computer Applications in Soil Science Research
