International Workshop on Archaeological Soil Microscopy and Phytoliths Analysis

WASM – Paris 2020
July 8-10

Dear colleagues,

The workshop of the Working Group on Archaeological Soil Micromorphology (WASM) will take place this year in **Paris from Wednesday 8th to Friday 10th July 2020**, at the university campus of **Sorbonne Université**, located down town (map below).

Registration is open **until 30th April 2020**.

Places are limited to 45 people, and registration is considered to be accepted as soon as the fees are paid by bank transfer. Thank you for your understanding. Please refer to the registration form to get payment information.

You are very welcome to **bring your own thin sections and phytoliths** slides. Please fulfil the registration form by giving in few words a brief description of the slides, the site name, the chronology, and the topic.

Poster can also be exposed (A0 format). They will be presented in 5min talk. For those who bring sections and/or poster, **short papers** will be published right after the workshop if you provide a 15000 signs text **before the 31th May 2020**.

Looking forward to meet you in Paris in July.

The organising committee,
Quentin Borderie
Aline Garnier
Laurent Emmanuel
Christophe Petit
Alexandra Pineau
