WORKING TOGETHER ON SOLUTIONS FOR A SUSTAINABLE WORLD

Welcome to Wageningen Soil Conference 2023

Wageningen University & Research and ISRIC are delighted to invite you to join us at the fifth edition of the Wageningen Soil Conference. As in previous editions, the aim is to discuss the importance of soils. In the 2023 edition, the focus will be on **working together on solutions for a sustainable world**. The conference has an interactive character, with traditional conference talks in the mornings, followed by interactive masterclasses, side events and an engaging evening programme.

Topics of the Day

August 29	Soils for Society
August 30	Advances in Measuring and Modeling Soil Processes
August 31	Mapping & Evaluation of Soil Functions across Scales
September 1	Soils for Nature-Based Solutions

Keynote Speakers

It is our pleasure to announce **prof. dr. Peter Groffman** as our first keynote speaker on the topic Soils for Society. On the final day, **dr. Carlo Calfapietra** will give a keynote on the topic Soils for Nature-Based Solutions.

Call for Hands-on Masterclasses

You are cordially invited to organise a hands-on masterclass during the conference. This is an excellent way to show and share your research, expertise and new tools or methods in an interactive way. Please find detailed information and the registration form on our [website](#). Your ideas can be submitted until December 12. Should you have any questions, please contact our masterclass coordinator Loes van Schaik: loes.vanschaik@wur.nl.

Save these dates!

December 5	Call for abstracts
March 29	Early bird registration
April 17	Deadline for abstracts
Aug 28 - Sept 1	Conference 2023
